INTERNATIONAL SEARCH REPORT

PCT/GB 02/01620

Box III TEXT OF THE ABSTRACT (Continuation of it m 5 f the first sheet)

A method of recording a voice communication between at least two individuals where the two individuals use respective telephone communication devices such as mobile phones(1,3) to communicate is described The method comprises: recording at least part of the conversation between the individuals; at least one of the individuals associating one or more tags with selected respective points or portions within the recording, each tag being machine interpretable and indicating a meaning of the respective point or portion within the recording; and storing the recording and tags in a location accessible by at least one of the two individuals. The tags are selected from a plurality of different types of tags each type having a different meaning.

Special categories of cited documents :

),

1

- *A* document defining the general state of the art which is not considered to be of particular relevance
- "E" earlier document but published on or after the international filing date
- "L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)
- "O" document referring to an oral disclosure, use, exhibition or other means
- document published prior to the international filing date but later than the priority date claimed
- *T* later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention
- "X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone
- "Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art.
